University of South Carolina · USA

## LANGUAGES

Spanish — Native  
English — C1 Advanced

"A business profile with the ability to build with AI. Not one or the other — both."

## EXPERIENCE

### Sales Executive — Remarketing Account Manager

Nov 2024 – Present

Enterprise Mobility · Galicia, Asturias and León

- Full ownership of the Galicia region: 70 active accounts per year and over 800 units sold, growing steadily.
- B2B portfolio segmentation, ranking accounts by purchase history, potential and account type.
- Built my own AI tooling (n8n, Claude API) to automate sales analysis and account prioritisation.

### Branch Manager

Mar 2022 – Nov 2024

Enterprise Mobility · Bilbao Airport

- Ran a branch with a team of over 30 people at Spain's 5th busiest airport by traffic volume.
- 12% increase in ancillary product revenue through purchase-behaviour analysis and team coaching.
- Customer satisfaction sustained above 85% top-box ratings.

### Assistant Manager

Aug 2020 – Mar 2022

Enterprise Mobility · Madrid

- Operational coordination across multiple branches, meeting service and profitability targets.
- KPI analysis and identification of operational and commercial improvements.

### Sales Assistant

May 2019 – Aug 2020

Enterprise Mobility · Madrid

- Customer service, contract management and ancillary product sales.

### Administrative Assistant

Jul 2017 – Apr 2018

Ferrovial Agroman · Valladolid

- Bookkeeping, invoicing, contracts and supplier relations.

## PERSONAL PROJECTS

### AIntegrax    aintegrax.com

Automation and AI consultancy for small and mid-sized companies. I find the opportunities, design the workflows and deliver solutions that work.

### EligeFactura    eligefactura.es

Tells each freelancer which invoicing software they need to meet Verifactu. Opportunity spotted in the regulatory change and turned into affiliate revenue.

### Car dealership website    gelodasa.vercel.app

Commissioned by a car dealership in Galicia. Modern design with animations, SEO and a complete digital presence for local lead generation.

### OpoTrack    oposiciones-webapp.vercel.app

Study-tracking app for civil service exams, built for a real user. Sessions, notes per topic, daily goals and motivational messages.
