Darla Moore School of Business · University of South Carolina, USA

LANGUAGES

Spanish — Native
English — C1 Advanced

> **"A business profile with the ability to build with AI. Not one or the other — both."**

EXPERIENCE

Remarketing Account Manager
Oct 2023 – Present
Enterprise Mobility · Galicia, Asturias and León

- Full ownership of the Galicia region: 70 active accounts per year, 66 of them opened by me, and over 800 units sold, growing steadily.
- B2B portfolio segmentation, ranking accounts by purchase history, potential and account type.
- Built my own AI tooling (n8n, Claude API) to automate sales analysis and account prioritisation.

Branch Manager
Feb 2023 – Oct 2023
Enterprise Mobility · Bilbao Airport

- Branch at Spain's 5th busiest airport by traffic volume: a team of over 30 and the P&L.
- 12% increase in ancillary product revenue through purchase-behaviour analysis and team coaching.
- Customer satisfaction sustained at 85% of reviews with the top score.
- Process redesign down to root cause: the parking handover was being skipped because the tablets had no signal there; I arranged wifi installation with AENA, the airport operator, and retrained the team to restore it.

Branch Rental Manager
Jan 2022 – May 2023
Enterprise Mobility · Ourense

- Grew monthly rental days by 37% in a single year.
- Improved ancillary product sales and cost control, making it Spain's No. 1 city branch for the fiscal year.
- Hired and trained a Management Trainee who led Spain's city-branch results for several months and was promoted to Manager eight months later.

Assistant Branch Manager
Aug 2020 – Jan 2022
Enterprise Mobility · Madrid

- Operational coordination of the Madrid Airport and Coslada branches, including operations and cost management through the pandemic.
- Onboarded more than 20 new employees.

Management Trainee · Honorary Assistant Manager
Apr 2019 – Aug 2020
Enterprise Mobility · Madrid

- From Feb 2020, day-to-day management of the team and the Madrid Airport branch.
- Customer service, contract management and ancillary product sales.

Construction Site Administrator
Jul 2017 – Apr 2018
Ferrovial Agroman · Valladolid

- Bookkeeping, invoicing, contracts and supplier relations.

PERSONAL PROJECTS

AIntegrax aintegrax.com

Automation and AI consultancy for small and mid-sized companies. I find the opportunities, design the workflows and deliver solutions that work.

EligeFactura eligefactura.es

Tells each freelancer which invoicing software they need to meet Verifactu. Opportunity spotted in the regulatory change and launched on an affiliate model.

OpoTrack oposiciones-webapp.vercel.app

Study-tracking app for civil service exams, built for a real user. Sessions, notes per topic, daily goals and motivational messages.
